November 07, 2022

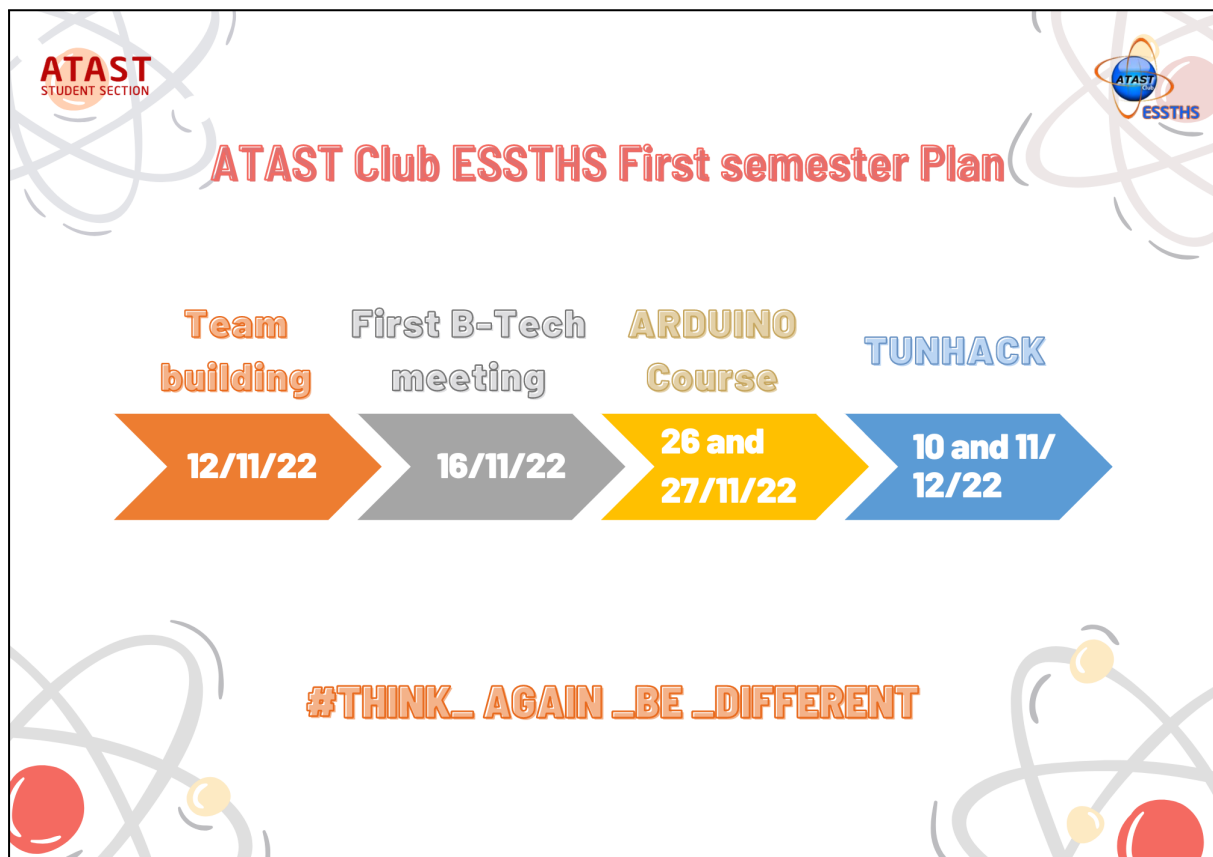

Purpose

This report outlines the consensus of the Board during its monthly Board meeting held on November 7, 2022 at ESSTHS. Which was mainly focused on the action plan and an upcoming arduino course / workshop.

Overview

The board agreed on an action plan which is detailed below.

The board also agreed on a trainer for the arduino workshop :
Mortadha fredj

Main activities

ACTIVITY	ASSIGNED TO	STATUS
Affiches + tickets + stickers(optional)+ certificates	Rayen Nairi Med nour ben amor	Ongoing
Fix the plan : Pauses + Time needed for every session + budget	Rim Cherif Aida Chaib	Ongoing
Posts on social media	Rayen Nairi	Ongoing
Selling tickets	Farah Ghanney + anyone	Ongoing

Details

The board members agreed about the content of the arduino course:

- ARDUINO basics.(beginner level)
- ARDUINO sensors: Based on the available equipment.

The board members agreed on the following plan :

- The course and the initiation of the workshop will be held in ESSTHS
- Further optional courses will be held in ATAST SAHLOUL CENTER.

The first workshop will be about building an all terrain robot using the information given in the course.

Issues

Listed below are the issues that the board has encountered as discussed during the board Meeting.

- Arduino workshop materials.

Questions

Based on the materials, how many people can participate in the workshop ?

How many hours are needed for the course & for the workshop?
